PETITIONS OFFICESUPPLEMENTAL PETITION TO ACCEPT UNINTENTIONALLY
DELAYED CLAIM OF PRIORITY UNDER 37 CFR §1.78(a)(3)Commissioner for Patents
Alexandria, VA 22313-1450

Sir:

Pursuant to a telephone call from Ms. Karen Creasy from the Patent Office, please note the corrected priority dates below:

In The Specification

Please amend the specification after line 4, and before "Technical Field", please add the following:

-- Cross-Reference to Related Applications

This is a continuation of International Application PCT/JP01/05921, with an international filing date of July 6, 2001, which was not published under English under PCT Article 21(2).--

Remarks:

The entire delay between the date the priority claim was due and the date of this petition was unintentional. As a result of a notice in the Official Gazette published 18 March 2003, the applicants agents became aware of the need to correct the priority data on this application. This Petition includes the surcharge set forth in §1.17(t).

This application was filed on February 27, 2002 and is intended to be a §111(a) "bypass method" filing of International Application PCT/ JP01/05921. The unsigned Declaration originally submitted with the present application clearly shows a reference to the International Application. However, since there was no explicit statement that the present application is a "continuation" of the International Application, the filing receipt does not properly reflect the correct priority data. Besides not listing the correct relationship to the International Application, the filing receipt does not properly list priority to the underlying foreign priority document either. Thus, the filing receipt should be amended to reflect the correct claim of priority as follows:

This is a continuation of International Application PCT/ JP01/05921, with an International Filing date of July 6, 2001, which was not published under English under PCT Article 21(2).

Foreign Priority Data:

Patent Application No. P2000-207311 JAPAN 07/07/2000
